

FARMERS TO ASK WILSON'S HELP

**Leaders in Washington Declare
Lower Prices Have Put Them In
"Terrible Dilemma" — Charge
They Are Victims of "Deflation
Campaign."**

By Telegram to The Freeman.
Washington, Oct. 12.—Declaring that farmers throughout the entire nation and cotton planters in particular are facing one of the most desperate situations in the history of the country, representatives of the farmers' organizations gathered in conference here today, decided to ask President Wilson to call a special meeting of the cabinet to discuss a way out of their terrible dilemma.

On the committee appointed by

Chairman Charles Barratt, of the National Board of Farmers' Organizations to call at the White House, were the chairmen of the various farmers' organizations present and Senator Hoke Smith, of Georgia; Senator Lee S. Overman, of North Carolina, and Representative Gordon Lee, of Georgia. The committee will also call on cabinet members personally, particularly Secretary of the Treasury Houston.

Washington, Oct. 12.—Falling prices and the problems facing the farmer as the result of dropping levels were the subject of discussion here today as farmers from all parts of the country gathered for conference and dinner at the National Board of Farm Organizations.

The conference has been called to determine how the farmers shall meet the lower prices on products which they declare have been produced under heavy costs.

Alfred Merritt Frost, a member of the firm of Frost & Luckey, died Saturday night at his home in Pough-

The infant son of Mr. and Mrs. Russell Olin of Ulster Park died on Sunday, October 3 at the family home. The interment was in the St Remy Cemetery Tuesday afternoon.

Eleanor Walker, mother of Mabel Shenfield and Andrew Green Walker, died at Kingston October 10. The funeral was held at AM Angels' Church, West End Avenue and 81st street, N. Yorkville, at 1:30.

The funeral of Private Percy Hornbock, of the 51st Pioneer, who died overseas in 1915, was held Sunday afternoon from the home of his parents, Mr. and Mrs. Theodore Hornbock, of Saugetites. The services were conducted by the Rev. T. E. Richards, assisted by the Rev. B. M. Denniston. The casket was draped with an American flag, and the body was escorted to Mountain View Cemetery by Lamoureaux-Hackett Post, No.

William Trice, a resident of this city the past 56 years, and highly respected by all who knew him, died late last evening after a lingering illness. He is survived by four daughters, Mrs. Charles Schinsky, Mrs. Edward Murphy, Mrs. Oscar Seckler and Mrs. Joseph Fox, also two sons, Henry and William Trice, all of this city. The funeral will be held from the home of his daughter, Mrs. Seckler, 222 Hanbrough

avenue, Thursday morning at 9 o'clock and 9:30 at St. Peter's Church where a requiem Mass will be offered for the repose of his soul. The interment will be in St. Peter's cemetery.

Ellenville, Oct. 12.—Walter M. Brown, well known citizen of the town, died at his home on Warren street, Sunday afternoon October 10, after a short illness. He was 76 years of age. Mr. Brown was born near Woodbourne, a son of James Brown, a well known farmer of that

section. He married Miss Emma Finch of the same town, and went to live in the state of Pennsylvania. Later they returned to live at Woodbourne. Some years after they moved to Greenfield on the J. P. Smith farm. Following an accident to Mr. Brown he decided to sell the farm and move to Ellenville where he owned a fine residence on Warren street. Upon there coming here to live Mr. Brown purchased the book and stationery business in Keeler block which he and Mrs. Brown suc-

commonly made for about twelve years when they sold out and retired from business. Mrs. Brown died in March, 1915, and for a time Mr. Brown lived with his daughter, Mrs. E. D. Montross, at Briggs Street. Later they sold their farm and resided at Mr. Brown's home at Elbowville. He was a member from early years of the E. Church and a regular attendant. He has one daughter, Jennie, wife of E. D. Montross, one granddaughter, Marion, wife of Edward G. Munger of Elbow, one brother, J. Arthur Brown, of Ill.

burial. Three masses and three benedictions. The funeral will be held from his late home, Wednesday afternoon at 2 o'clock, interment in Foresthill cemetery.

St. Louis Run Big Fire.

By Telegram to The Freeman.

St. Louis, Mo., Oct. 12.—Loss estimated at \$1,000,000 was caused by a fire which destroyed the plant of the St. Louis Car Company early this morning. The fire started in lathe mill work and within a few minutes spread over the entire plant.

USE SLOAN'S TO WARD OFF PAIN

You can just tell by its healthy, stimulating odor, that it is going to do you good.

MRS. HILDRETH DESERTS SMITH

Chairman of Governor's Women's Committee in 1936 Denounces His Administration Another Tammany Disappointment—She Will Vote For Judge Miller.

By Telegram to The Freeman.

New York, Oct. 12.—Mrs. Albert H. Hildreth of Syracuse, who was chairman of Governor Smith's Women's Democratic campaign committee in 1936, has declared that she cannot support Governor Smith for re-election and has appealed to the voters of the state to elect Judge Nathan L. Miller. Mrs. Hildreth is past president of the New York State Federation of Women's Clubs and has been active in women's affairs for a number of years. She says Governor Smith's administration is a disappointment to many voters.

Mrs. Hildreth explains her reasons for repudiating Governor Smith and supporting Judge Miller in the following statement:

"I have been disappointed to give my ideas in regard to the two candidates for Governor of New York state—also to express my opinion in regard to the new voter.

"More women will be interested in the coming election, for it is our first vote in a presidential election—and our second for governor. This year the women will not only vote for the candidates but will be active in the campaign.

"Those of us who are studying the merits of the two candidates for governor was interested in Judge Miller's candidacy and his fitness for the high office of governor as compared with the present incumbent, Governor Smith.

"Two years ago when Charles E. Whitman and Alfred E. Smith were candidates, I selected Governor Smith as being better fitted for the office, believing he was big enough to administer the affairs of the state government free from dictation from Tammany Hall, but his administration has been a disappointment of many voters.

"I believe Judge Miller will be a free agent to administer the state government and will not be dictated to but will co-operate with those who have the best interest of the state at heart.

"My next reason for voting against the Democratic party's candidates is that the whole ticket was made by Tammany leaders—no one will deny this.

"Their tickets are usually made in some hotel room long before the convention convenes. Then they present a cut and dried ticket and ride rough shod over Democrats who object—this was demonstrated at Saratoga when Mayor Lunn tried to save the party's honor.

"You must be as meek as a lamb or as rough as the tiger himself to work with the party.

"I cannot align myself with this element, even though I was a Democrat from childhood and thought it possible to work separate and apart from the Tammany element, but I find this impossible, for I have tried it.

"After long and careful study of the political situation, the decision reached is that the candidate of the Republican party, with higher ideals, better records of service, such as we desire in our public officials, can better serve the state, and it is my intention to vote for them in order to help put down the worst element in the Democratic party.

"As a citizen it is my duty to do so, since I am convinced that that is the only way to defeat Tammany's candidates.

"I trust the women voters who see how Tammany's rule has spread, even beyond this state, to help put it down.

"I have taken my stand, not only to vote, but to help roll up a big majority vote for Judge Miller.

"He has a clean record and his experience and training fit him for the high office of governor of this great Empire State.

"I would urge the women who stand for good government and good citizenship to vote and work from now till election day to defeat the Tammany ticket.

"Do not scatter votes by voting for candidates who cannot win, thereby helping whether you will it or not, a corrupt element in your state.

"One of the dominant parties will win—must choose between them. My choice is for Judge Miller to free our state from a one man power, the power of Tammany's leaders.

"We look to the women to improve conditions, then vote for the man who can best serve the state—Judge Miller is ready to make sacrifice to serve the people and to cooperate with the state legislature so that the various departments of our state government may properly function.

"Are you ready to help improve conditions and to help put our state in the front ranks of good government?"

—KATHERINE G. HILDRETH.

J. BURGER HURT.

Knocked Out by Falling on Hammer at Barnyard.

J. Burger, an employee at Dwyer Brothers' barnyard on The Strand, Monday at noon while leaving his work for dinner met with a severe mishap in a peculiar manner. He was walking through an opening when he was hit on the head by a heavy iron hammer weighing about seventy-five pounds that is run by compressed air to drive bolts through timber. The hammer fell from a scaffolding after a heavy stick of timber which was being hoisted had struck the end of the scaffold plank, jerking it off the scaffold. Mr. Burger was knocked unconscious by a short time and was taken to the office and Dr. John L. H. was sent for. It was found he had received a deep cut in the top of his head from the hammer and was bruised about the body from the fall caused by being knocked down.

Dear Old Pete:

Just wound up the one sweetest day of my life! Since early this morning, when I got an invitation to visit R.J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel cigarettes. Yes, sir, right from the rooms where the choice Turkish and choice Domestic tobaccos go into Camels unbreathable blend, straight through to the loading platforms where cases holding 10,000 Camels each are packed into car after car for shipping to every corner and cross roads in the U.S.A!

Man—the happiest idea you or I ever had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is simply pixie-stuff! Wipe off the slate and start fresh! Why—Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—honest to goodness, there are hundreds of these machines churning out Camels at the rate of 27,000 an hour—EACH!

And, Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is just charged with that wonderful aroma you get when you open up a deck of Camels! And, you know, old elephant—you've had a trunk full!

I stood by one of these machines, kind of fascinated. As the Camels dropped into the containers I figured the delight each one would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some smoker's jaded appetite! And, each Camel free from any unpleasant cigarette aftertaste or unpleasant cigarette odor! A!

Pete—I'll have to lay off and light another Camel! Write you some more soon, old camel-o-pard!

Yours joyously

OPPOSITION TO JAP. RACE ISSUE

Among Those Who Will Take Part in First League Meeting—Three-fourths Vote Against Equality Predicted.

By Telegram to The Freeman.
Paris, Oct. 12.—A careful canvass of diplomats indicated today that Japan will suffer a humiliating defeat if she attempts to force through a racial equality resolution at the first meeting of the assembly of the league of nations at Geneva next month.

Inquiry by the International News Service among the diplomats of the powers invited to attend the meeting shows there will be a clear majority against Japan if an effort is made to settle the immigration problem in favor of the Pacific empire. What is more significant, not any power will either privately or otherwise, admit it will support Japan. Allowance must be made for the fact, however, that diplomats sometimes voluntarily hide the real intentions of the country they represent.

All the indications are that Japan will be beaten by a three-fourths vote if she attempts to put through a resolution calling for equality of nations.

Viscount Ishii, former foreign minister of Japan and now the Japanese ambassador to France, admitted to the International News Service that he is going to Geneva as one of the representatives of his country. Viscount Ishii is known as an able diplomat and one of the strong men among Japanese statesmen.

Asked if he would present a resolution demanding racial equality Viscount Ishii replied:

"I have not yet received any instructions from my government regarding questions which should figure in the order of the day at Geneva."

It is learned from an authoritative source that Japan has already been informed by her friends among the big powers that she certainly would meet with defeat if she attempts to have the racial equality resolution passed. Japan was advised not to make any attempt to have the immigration resolution settled in her favor at this time, particularly when the United States is aroused over the question.

Despite the advice of friendly powers the Japanese are still maneuvering to obtain votes to support some sort of a mild resolution to save the face of the government in power at Tokyo. The line-up against racial equality, probably will be:

Argentina, Belgium, Brazil, Canada, Australia, India, New Zealand, South Africa, Chile, Colombia, Denmark, Greece, Guatemala, Norway, Panama, Paraguay, Peru, Poland, Salvador, Uruguay, a total of 23 nations voting at Geneva.

The United States, not being a member of the league of nations, will have no vote.

England, France, Italy and Roumania are cautious about taking any line at present working for a resolution, but there is little question that the attitude and that of several other nations would be against a racial equality resolution.

Representatives of some of the powers in the line up against a resolution, express sympathy for Japan, but oppose the present resolution on the ground that the United States would interpret its adoption as an act of hostility by the league and intensify the Japanese-American dispute.

MAC SWINEY HAS RESTFUL NIGHT

By Telegram to The Freeman.
London, Oct. 12.—Terence Mac Swiney, hunger striking lord mayor of Cork, had a fairly restful night in the infirmary of Brixton jail. This is the sixty-first day of his hunger strike.

Arthur O'Brien, president of the Irish Self-Determination League and so-called "Sinn Féin ambassador in London," charges that Premier Lloyd George's speech at Carnarvon on Saturday shows that there is a connection between Dublin castle—the seat of British authority in Ireland—and the reprisal attacks of the "black and tan" policemen.

"Lloyd George draws a picture of the British empire shivering in fear before the little island of Erin," said O'Brien. "His declarations were venomous, but their only effect will be to strengthen the Irish people in their determination to get their freedom."

Ambulance Calls Monday.

Harry Reynolds was taken ill about 1:30 o'clock Monday morning at the Ten Broeck avenue railroad crossing, and was removed in the ambulance to his home at O'Neill street and Ten Broeck avenue.

Edward Howard, who had a broken leg, was removed from Dr. Van Wageningen's office to the Benedictine Sanitarium in the ambulance that day.

Harriet Greenwood, who has been stopping at Arkville, was removed from an automobile at Stoney Hollow and taken to the Kingston City Hospital. She had sustained a fracture of the ankle and was being brought to the hospital when another car collided with the car she was in, wrecking it.

BABY'S BODY NOT FOUND.

"The Crank's" Coughlin Confession May Be Another Lie.

By Telegram to The Freeman.
Egg Harbor, N. J., Oct. 12.—The authorities continued today their search for the body of 15 months old Blakeley Coughlin, as a result of the confession yesterday of Pasquale, "the crank," but so far no trace has been found of the murdered child. Detectives are being aided by a volunteer searching party.

The digging for the child's body centered around New Gretna, where Pasquale said he hid it. It is expected Pasquale will be brought here to point out the exact spot where he says he buried the baby.

Many suspect that the latest "confession" is but another of the many lies "The Crank" has already told the authorities.

Keeney's Auto Stolen.

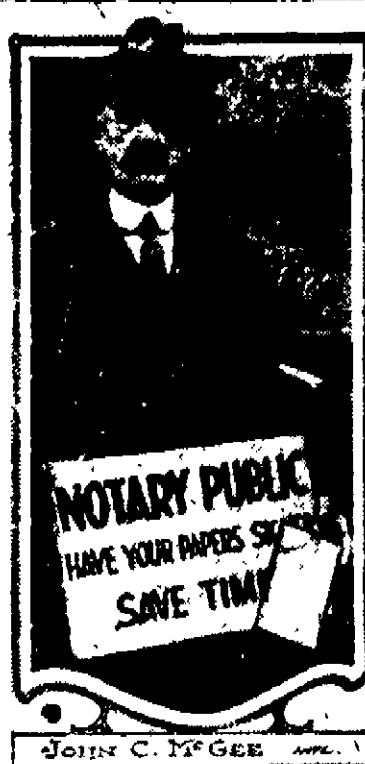

Willis H. Keeney of No. 247 Clinton avenue called up police headquarters this morning to report that between 9 and 10:30 o'clock Monday evening some one had stolen his Maxwell auto which he had parked in front of the Stuyvesant Hotel. He gave a description of the car.

Heavy Loot Returned.

John Herrmann reported to the police Monday evening that some one had stolen a 350 pound sack from his iron works on Abel street. This morning he called up to report that during the night the sack had been returned. The thief or thieves had evidently gotten cold feet.

Foolish, Indeed.

When Billy returned from inspecting the new twins next door he looked admiringly at his birthday cake that auntie was frosting, and remarked: "Wasn't them kids foolish to be in such a hurry to go and get burned the same day! Now they kin only have one birthday, an' they might have had two."

That a law has been passed in New York city for the sole purpose of putting one man out of business, is the startling charge made by Commissioner of Accounts Hirschfeld. He charges Alderman William Quinn is responsible for the law which he says is a personal attack on John ("Suspend Jack") McGee. McGee earns his living as a "sandwich" notary public on the street in front of the State Automobile Bureau, certifying papers secured in the State office above. Quinn has his office in the same building and also certifies license papers. The amendment to the "beggars and loungers" ordinance which affects McGee reads "nor shall any person seek or solicit employment as a notary public or commissioner of deeds on any street by attracting attention to his calling by means of a placard carried by or displayed by the person."

"Spuds" Went Begging.

Farmer of near the Ashokan Dam relative of a Newburgher, has a crop of a thousand bushels of potatoes, and took a hundred bushels to Kingston the other day. They went begging at 90 cents a bushel, and rather than take less the farmer returned home with them, saying he would rather feed them to his hogs. At 90 cents it is said the cost of harvesting and marketing would be barely covered, to say nothing of the cost of seed (at \$3 a bushel), fertilizer, cultivation and spraying. Singularly, the farmers are "up against it" when there is a big crop in any line, as there are of potatoes this fall. Overproduction results in more or less loss to all of them, while consumers benefit. It would be better all around if there were a staple price for commodities year after year, but this is impossible owing to wide fluctuations in production, due to conditions over which no one has control. The situation indicates the fundamental difficulties which exist to any man-made scheme, along the line of law or otherwise, to better prices for producers and lower them for consumers.—Newburgh News.

Victory Medals Going Slowly.

Victory Medals are being applied for so slowly by ex-service men that Major General P. C. Harris, the adjutant general of the army, has notified the officers in charge of the distribution to make the utmost effort to reach all who deserve it. It is estimated that 2,257,624 men who served in the army are entitled to the medal, but to date only 179,214, or about ten per cent of the number, have applied.

Using More Milk Cans.

Owing to the controversy between the Dairyman's League and the New York Milk Manufacturers, many of the dairymen are changing their methods of marketing their milk. The Canfield Supply Company have just received another large shipment of cans and report they are making shipments of cans, churns, separators, in larger quantities than ever before.

Football Scores of Saturday.

Saturday: Poughkeepsie High School easily defeated Middletown at football by a score of 54 to 7 at Poughkeepsie. Newburgh High defeated Hudson High by a score of 22 to 0 at Hudson.

GEORGES SHOWS WARES TONIGHT

After With the Lovers! Should Tell Whether France's Most in Pink Tea Fights or Men Chances With Dempsey.

By Telegraph to The Freeman, Jersey City, N. J., Oct. 12.—Georges Carpentier, European heavyweight champion, will get his chance tonight to prove whether he is the fighter he is credited with being on the other side, when he meets Battling Levinsky, American light-heavyweight champion, in a twelve round bout at the Jersey City baseball park. The bout, a no-decision affair, will be by far the most important of the year, for it will prove whether or not the French pugilist can hope to wrest the world heavyweight honors from the brow of Jack Dempsey.

The men will meet at 175 pounds, easy for Levinsky; and apparently simple for Carpentier. Therefore, they should enter the ring in excellent condition. Both have been training hard for the contest.

The bout will mark Carpentier's first professional appearance in the United States. He came to this country last March, but devoted his time to appearance in a moving picture drama, and a trip under a theatrical contract.

Several other bouts have been arranged by the International Sporting Club, promoter of the international contest. Ted Lewis, former welterweight champion, will meet Marcel Thomas, welterweight champion of France. He has agreed, to accept nothing for his services, if he does not win.

Burns will meet Patsy Johnson in a scheduled ten round affair, and Babe Asher will battle Kewpie Colender eight rounds.

Schoolmasters' Council.
The Schoolmasters' Council of the Highlands will hold its 69th regular meeting at the Palatka Hotel Newburgh, October 12, at 8 p. m. The guest and speaker will be Dr. James E. Speaks at Hobart.
The Rev. George Schofield of Highland is in Hobart speaking at the State Christian Endeavor Union Convention.

How We Care For Your Meat Cars

When you see a Swift Refrigerator Car going by in a train, it seems a simple thing that it should be carrying fresh meat up and down the country.

Like most of the packer activities which contribute to your welfare, you are so used to having this going on uninterruptedly, day in, day out, throughout the year, that you are likely to take it as a matter of course.

But it is not a matter of course. Every car you see going by means long hours of minute, scientific, painstaking care in preparation for what it is doing.

Every time a car comes in it is washed out thoroughly with scalding water. If any taint, any foreign matter, were present, this would get rid of it. Even the meat hooks are taken down from the racks and scalded with water and live steam.

When the car is thoroughly cleaned we put in 5,000 pounds of ice. But that is only preliminary. It only cools the car to the proper temperature. By the time the car is moved over to receive its load, this first ice is melted. More is then put in to keep the car cool.

Then the meat is hung on the sterilized hooks and the load of food is ready for its journey. It arrives as it leaves, clean, fresh, wholesome, appetizing; and your meat supply goes on unaffected by seasons or weather.

This is only a part of the service which Swift & Company furnish, at a profit to itself so small—amounting to a fraction of a cent per pound on all products over a period of years—that if the profit were handed on to the consumer, it would make a difference of less than a nickel a week in the meat bill of the average American family.

S. O. S.; Signal for Help.

S. O. S. is the code signal of distress and other than being the signal agreed upon as a call for help is hardly to be "translated." Seamen sometimes say the letters mean "Save our souls." The letters also are sometimes interpreted as standing for "send out suc-

cor." But do not, of course, mean either of the phrases, S. O. S. in the international Morse code is **three dots, three dashes and three dots.**

Chinese Warning to Counterfeitters.

It was a rash man that made counterfeiting his trade in defiance of the grating warning printed on Chinese bank notes of the Ming dynasty. "Who makes a copy of this will have his head cut off." The most superficial student of Chinese history knows that the threat was not idle. Nowhere, except in Lewis Carroll's Wonderland, was the royal privilege of cutting off heads exercised so freely as at the court of Peking.—*Youth's Companion.*

Dreams.

To dream of a snake denotes treachery; a black snake signifies disease; a green snake is a good omen to farmers, but to others it foretells loss of money by unfortunate investments.

A rattlesnake in a dream means that one who pretends to be a friend is secretly endeavoring to ruin your reputation. To fight snakes means you will outwit your enemies and succeed in what you have undertaken.

Imitating Mahogany.

There is no question but that we, as a nation, are fast acquiring an excellent knowledge of food values and a sense of appreciation of the "balanced ration" in diet. And one of the principal things we are learning is that a definite amount of easily digested oil is indispensable to the proper maintenance of health and efficiency.

What Really Makes for Success.

There are a few men and women so circumstanced and handicapped that the only possible success for them is their heroic acceptance of what to others would be failure. But with the great majority the element that is lacking is the hearty taking hold of the work before them.—Exchange.

AND THE HUSTLERS

END OF SECOND

League Park, Cleveland, O., Oct. 12.—Bristling with confidence in their ability to win, and full of pep, the Indians trotted onto the

here this afternoon for the seventh game of the world's series, determined to clinch the world's championship.

Because he is eager to bring this series to an end in Cleveland, it was widely expected that Manager Spaulding would pitch Sam Rice, Cleveland's star, who already has measured the Dodgers twice for mauling his defense.

Year Uncle Wilbert, with an outside chance still left, planned to make Burleigh Grimes back at the trip. At least he said so at his hotel before noon.

The teams lined up as follows:

Cleveland—Jammison, 1f; Wamburg, 2f; Speaker, cf; Smith, rf; Garver, 3f; Johnston, 1b; Seckman, ss; O'Neill, c; Olson, p.

Brocklyn—Olson, ss; Shahan, 2f; Griffith, rf; Wheat, 1f; Myers, c; Koner, 1b; Kilduff, 3f; Miller, p.

The umpires will work as follows: O'Day at the plate, Connolly at first base; Klem at second base; Egan at first base.

The game was called at 2:01. Neither side had scored at the end of the second inning.

Language of Animal Pets.

The animal pets we make and learn to love do not talk to us—in words—and they use no language that we recognize with one another. "The dumb brutes" we sometimes call them. Yet when your dog stands at your knee and looks up at you, how eloquent are his eyes! His friendship proclaims itself in a speaking silence; his whole

attitude is loquacious of his fondness
and his loyalty.—Exchange.

Preflex Banana.

The productivity of the banana is greater than that of any other food-bearing plant. One acre and a little labor will annually produce 17,000 pounds of banana. One remarkable feature is its immunity from disease.

PYTHIAN DISTRICT MEETING HELD

Franklin Lodge Presents Diamond Emblem To Grand Chancellor Canfield—Delegations From 13th District Lodges Enjoy Banquet And Speeches.

About two hundred members of the order of Knights of Pythias attended the district meeting for the fifteenth district held Monday evening at the castle hall of Franklin Lodge, No. 37, Knights of Pythias, on Wall street. Delegations from the various lodges in the fifteenth district were present. The meeting was the first of a series of district meetings which have been requested by Grand Chancellor Palmer Canfield, Jr., but the members of Franklin Lodge went further than to hold a district meeting, they made the occasion one at which to present to Grand Chancellor Canfield a handsome diamond studded Knights of Pythias emblem as a token of their love for Mr. Canfield, the second grand chancellor to ever be elected from Kingston and Franklin Lodge since its organization. The gift from the members of Franklin Lodge was an absolute surprise and was presented by Morris A. Drucker, grand vice chancellor, in the absence of the Supreme Chancellor William Ladew who was unable to attend. Following the presentation of the emblem and at the close of the business session a banquet was served to the members of the lodge and their guests by the Pythian Sisters.

In presenting the emblem to Grand Chancellor Canfield, the grand vice chancellor spoke of the work which Mayor Canfield had done in the order and of his deep interest which he always had taken in Pythian work. He spoke of Mayor Canfield as the most popular grand lodge officer, a man who was loved and known all over the state not only by his good work but by his spirit of good fellowship. While Mr. Canfield had been grand vice chancellor he had worked for the interest of the order and had by his work placed himself high in the esteem of every member of the Knights of Pythias of New York state.

Grand Vice Chancellor Drucker predicted that under the administration of Grand Chancellor Canfield the Pythian order in the state of New York would grow and prosper as never before and the goal of 30,000 members by 1921, which has been set, would be exceeded by many thousands.

Grand Chancellor Canfield responded briefly to the remarks of the grand vice chancellor and thanked the members of Franklin Lodge and the visiting members for their cooperation and support.

Supreme Chancellor William Ladew of New York city, the first supreme chancellor elected from New York, was unable to be present and a telegram of regret was received and read.

It is needless to say that the banquet was one of the features of the evening. The following menu being served:

Olives Celery Dill Pickles
Chicken Pie a la Canfield
Mashed Potatoes Green Peas
Hot Biscuits
Salted Nuts and Mints
Ice Cream Demi Tasse Cake

Fruits Cigars
During the serving of the banquet the members of North American Lodge, Knights of Pythias, orchestra furnished several very spirited selections which kept the diners in good spirits until W. Norman Connor, toastmaster, when the good things had been disposed of, called upon the Pythian quartet for a selection.

Past Deputy Grand Chancellor B. J. Hornbeck was then introduced and welcomed the state officials and the visitors to Kingston.

Grand Vice Chancellor Morris A. Drucker of New York, one of the most interesting speakers of the evening was then called upon to speak on "Membership." The grand vice chancellor in a very interesting and patriotic talk spoke of the work of the order of Knights of Pythias and kind of members sought by the order. The order had no room for anyone except true Americans, said
